## PREFACE.

---

This volume contains, in alphabetical order by states and cities, the names of counsel who represent the leading financial institutions in their important matters.

It has been compiled from information furnished by the bankers and is therefore reliable.

Anyone desiring correspondents at distant places will at once recognize the value of this work, for there are no better judges of the ability of counsel than the bankers; and those whom they designate as their attorneys will at once command the confidence of all who consult these pages.

If the name of counsel for any particular bank which is not given, is desired, it can be had upon application to the publishers.

American Bank Attorneys,  
101 Tremont Street,  
Boston, Mass.
